

Anlage zur Direktoriumsvorlage vom:

Antragsteller

**GENERAL CONDITIONS
FOR THE USE OF COMPUTER SOFTWARE**

1. IPP allows the undersigning party
(Name of Institution) to use the computer softwareSOLPS (B2-EIRENE).....
provided that this software will be used exclusively for non-commercial research
purposes.
2. The undersigning party agrees, therefore, not to exploit this software commercially
or to transfer it to third parties without prior written consent of IPP.
3. The undersigning party agrees, not to use the software for military purposes or any
other purpose falling under the provisions for non-proliferation.
4. IPP provides no guarantee that the software is in good running order. No liability
can be accepted for damage or injury arising from use of the software.
Furthermore, IPP provides no guarantee that the use of the computer software will
not involve any infringement of copyright. The undersigning party will notify IPP
when it discovers that the software contains any error or infringes any copyright.
5. The undersigning party will, on request, put programs developed from the IPP
software at the disposal of IPP under the same conditions. Furthermore the
undersigning party agrees to state the names of IPP and of the program provided
when publishing research results obtained with the aid of this computer software.
6. Transfer of the software will involve no costs for IPP.
